# MIXERSHARE UK

B2B Ready-Mix Concrete Capacity Exchange • Driver & Haulier Roster

**24-HR FASTER PAYMENTS**

Founded by **Ian Henry (30 Years UK Ready-Mix Concrete Experience)** • Built by a mixer driver for mixer drivers

Operating: **Tyne & Wear • Durham • Teesside • Northumberland**

## ⚖️ The MixerShare 2-Load Minimum Quota Guarantee

**MANDATORY DRIVER PROTECTION**

**You will NEVER be called out to start your mixer for just 1 load.** All per-load dispatches enforce a strict **2-Load Minimum Call-Out Quota** (guaranteeing minimum take-home of **£171.00 to £207.00 Net** for local runs). If a plant only requires 1 load, they still pay the 2-load minimum call-out to secure your truck.

## 🤝 Turn Your Downtime & Quiet Days into Guaranteed Daily Cash Flow

When your primary plant is quiet, orders cancel due to rain, or you have idle days on your truck, MixerShare connects you directly with nearby batch plants needing relief drivers. **100% Free to Join • Zero Tie-Ins • You only accept runs when it suits you.**

## 🛡️ The MixerShare Deadhead Mileage Protection Guarantee

**We will NEVER send you driving 15 to 20 miles for a single small radial load.** To protect your diesel and time, single spot loads are strictly restricted to plants within **8 deadhead miles** of your operating base. If a plant requires your truck from further afield (15–20 miles), our system automatically enforces a **Minimum Call-**

**Out Guarantee**: either a guaranteed **Half-Day Shift (£288 Net)**, a **minimum of 3 loads**, or a **Deadhead Travel Surcharge of £2.25/mile Net** to cover every single road mile your wheels turn.
