Ready-Mix Driver Competency Academy • North East UK

DRIVER TRAINING BRIEF

HANDS-ON BEHIND-THE-WHEEL READY-MIX DRIVER MASTERCLASS

Delivered by **Ian Henry (30 Years Ready-Mix Concrete Delivery Experience)**. Real 1-on-1 in-cab driving and on-site manoeuvring training for HGV Class 2 drivers and haulage fleets transitioning onto concrete mixers.

⚠️ HGV CLASS 2 DOES NOT TEACH YOU HOW TO DRIVE A LOADED MIXER

Standard driving schools teach you to pass in a rigid box wagon. They teach zero about driving with 20 tonnes of rotating wet concrete, surge rollover physics on roundabouts, reversing under batch towers, or site ground conditions.

🚚 1. Hands-On Roadcraft & Liquid Surge Driving

Real in-cab driving. Managing UK passenger-side drum rotation surge on roundabouts, high centre of gravity shifts, and safe braking distances with up to 20 tonnes of live wet concrete.

🎯 2. Batch Plant Loading Protocol & Site Reversing

The strict 6-step plant loading protocol (cone alignment, 1,400 RPM charging, mandatory water tank filling, slump gauge checks, batcher liaison, and top-of-ladder visual checks for volume, colour, and slump).

🔄 3. Drum Controls, Slump & The Zero-Slump Rules

In-cab and external drum fin controls. Visual S1 to S4 slump identification. The Unwritten Law of zero-slump and semi-dry mixes. Water addition liabilities and protecting against cube failures.

🛡️ 4. The Correct Way to Stone Out & Chute Safety

Ergonomic chute extension handling. The correct way to stone out for maximum effect and blade protection after sticky loads. Eco-washouts (avoiding £10k fines) and emergency stall rescue protocols.

1-Day Intensive Masterclass (Hands-On In-Cab Driving)

Includes 1-on-1 cab driving + The Official Driver's Handbook & Cab Cheat Card (enrolled drivers only).

£395 / Driver

🚀 GUARANTEED DISPATCH PLACEMENT UPON COMPLETION

Drivers who complete this course receive the **MixerShare Verified Operator Badge** and are immediately fast-tracked onto our regional relief dispatch board, qualifying for **£468/shift** or **£103+ single load payouts** with 24-hr Faster Payments!

BOOK A TRAINING DATE OR UPSKILL YOUR FLEET TODAY

Courses held across Tyne & Wear, Durham, and Teesside. Tailored on-site training for hauliers.
